"CQ FIELD DAY"

www.arrl.org

Behind The Mike

Hello All!!

Well Field Day 2014 has passed and we had a successful weekend in my books. Our final score was 2500 points. Our score in 2013 was 2290 meaning we earned 210 more points this year.

Yes we had a few glitches, one being the antenna used by the GOTA station didn't work the greatest, and a few other hiccups with the network in the start. But in the end everything was running smoothly, and everyone had a wonderful time I feel.

Here's how our score broke down:

Bonus Points came to 950
CW QSO's 107 CW Points 214
Digital QSO's 163 Digital Points 326
Phone QSO's 235 Phone Points 235
Total QSO points 775
Multiplier X2
Total QSO score (with multiplier) 1550
Final score with bonus 2500

At this time, I would like to thank each and everyone who participated with Field Day 2014 and made it the success it is. I can't wait till next year and organize it all over again for the North Shore ARC.

On another note: We've got a few reminders before the September Sermon on the Mount Corn Roast happens.

Ride 4 United Way is coming up on August 24th, that's just under 2 weeks away. Larry **VA3FHG** is the organizer for this event. If you are available to assist him. Please let him know as soon as possible. Everyone will be meeting at the Garnet B Rickard Complex for 730am. It is pretty much an all day event, and all the help Larry can get is greatly appreciated. If you have a handheld, an antenna, your set. Larry can be reached by email at va3fhg@sympatico.ca.

Well that's it for me. If you aren't going to be at Ride 4 United Way on August 24th, then I will see you, hopefully, at the Sermon on the Mount at Purple Woods Conservation Area on September 16th.

Until then 73's and 88

Martha
VA3SBD

Ride 4 United Way

Date: Sunday, August 24th

Time: 7:30am to whenever

Location: Meet at the Garnet Rickard Center Parking Lot and dispatched from there to various checkpoints unless otherwise notified.

Equipment: A radio, an antenna, a power source (battery). If you have a magmount antenna please bring that with you. There's always a chance you are going to be in a service vehicle or a water truck where your best bet is a magmount antenna.

Questions or interested in helping: Contact Larry **VA3FHG by email at va3fhg@sympatico.ca and let him know if you are available or have any questions.**

This is one of the few events we help out with by providing communications. If you are new to the hobby, this is a great way to get your feet wet and have some fun. Following the event there's always a bbq in the parking lot and the atmosphere is just amazing and quite friendly.

RAC Bulletins

July 23rd 2014

The annual Executive Committee meeting of IARU R2 was held in Hartford, Connecticut, USA, last July 15 and 16. All annual reports were reviewed and discussed, as well as the situation of each Member Society; future plans were discussed, and there were comments about the situation of amateur radio, especially in the region. All those present were very satisfied with the results and confirmed their commitment to continue working for the benefit of their respective member societies and of amateur radio. EC members visited ARRL's headquarters in Newington, a few minutes from the hotel where the meeting was held.

ARRL's National Centennial Convention was held on July 17-19 immediately after the meeting, with the presence of more than 1,000 radio amateurs both from the United States and from all regions of the world. Representing IARU Region 2 were most board members, who were greeted very warmly by ARRL officers. At the gala banquet, along with other institutions from all parts of the world, representing IARU R2, President Leandro and Secretary Molina presented a plaque to the ARRL with congratulations on their 100th anniversary and in recognition of its work in favor of radio amateurs throughout the world. (Joaquín Solana, XE1R)

RAC Comms

His Excellency the Right Honourable David Johnston, Governor General of Canada, recently announced 86 new appointments to the Order of Canada. The new appointees include 3 Companions (C.C.), 19 Officers (O.C.) and 64 Members (C.M.). These appointments were made on the recommendation of the Advisory Council for the Order of Canada.

Amongst the list of recipients, RAC would like to recognize and congratulate Veena Rawat, VA3ITU, and Canadian astronaut Chris Hadfield, VA3OOG/KC5RNJ for having received this prestigious designation from Canada's Governor General.

Rawat, VA3ITU, was honored as a "Companion of the Order of Canada" for her contributions to telecom engineering and for leadership in establishing a global regulatory framework for radio spectrum management. Amongst other accomplishments, Rawat chaired the World Radiocommunication Conference in 2003.

Hadfield, VA3OOG/KC5RNJ, was honored as an "Officer of the Order of Canada" for "his commitment to promoting scientific discovery and for sharing the wonders of space exploration with the world." Hadfield was the International Space Station Expedition 35 commander during his 2013 duty tour. Hadfield's passion for science, photography and amateur radio is certainly no secret.

What's New at Durham Radio - August 2014

If you would like to receive our "What's New" mailing (about once every other month) along with subscriber only deals, visit our [HOME PAGE](#) and add your email address. (bottom right)

New Products - New Products - New Products - New Products - New Products - New Products

Amateur Radio

Baofeng UV5R Dual Band HT

Loaded with features for an EXTREMELY LOW PRICE. A favourite of cheapskate hams everywhere! Check out the product page just to see what people have been talking about! You won't believe how much radio you get for the money!

[More Info](#)

UV5R Accessories

[Speaker Mic](#)

[Software with Cable](#)

[Battery Eliminator](#)

[X-Large Battery Pack](#)

Please see the [product page](#) and click on the "accessories" tab to see all of the optional accessories.

PowerPole 40-Pack Kits

Customers have been asking for this for quite a while and we have finally gotten around to making up sets that allow you to make 20 connectors with your choice of contacts.

[More Info](#)

President Lincoln II - 10 Metre Mobile

The Lincoln II is the perfect radio for those who want to DX from the vehicle without having a bulky radio or antenna. When the band is open this 30+ Watt radio will be heard loud and clear at less than 1 S-unit below a standard 100W HF rig. Has PL-tones and split frequency operation for working 10 metre repeaters. [More Info](#)

30 Metre 7-foot Mobile Antenna

The MFJ-1630T handles 250 Watts PEP. It's about 7 feet tall fully extended and collapses to 4 feet for easy storage. The top section is a stainless steel whip that can be adjusted for lowest SWR.

[More Info](#)

The SkyWhip - A Durham Radio Exclusive

Use our SkyWhip 16' telescopic antenna on 20, 17, 15, 12, 10 or 6 metres without a tuner! Simply adjust the length for the appropriate band. Wide bandwidth and smooth operation. Use one as a vertical or two to make a portable dipole. [More Info](#)

Opek KD-5 Quick Disconnect Set

Allows you to quickly connect any one of five different antennas to the same mount. Fits all standard 3/8-24 antennas and mounts.

[More Info](#)

ARRL #0239 Even More Wire Antenna Classics

The third volume of the popular Wire Antenna Classics collection gathers the best antenna projects and innovative designs from QST, spanning over 10 years from 2002 through 2013.

[More Info](#)

Car Cam and Memory Cards

GS8000L Car Cam

We just received a small shipment of these cams and they look like they are going to be a winner. They have a crisper HD video than our basic model and have HDMI output right on the unit. Their footprint is also a bit smaller.

[More Info](#)

SD/microSD Cards

For the convenience of our customers we are now stocking Class 10 SD/MicroSD cards for car cams by Kingston and PNY. At the time of printing all stocked memory cards fit all of our car cams.

[More Info](#)

CB Radios

New Low-Priced Handheld CB

The Uniden PRO-401HH transmits a full 4W and operates on the included DC power cord or nine "AA" rechargeable batteries. (NOT INCLUDED)..

[More Info](#)

Stake Hole Mount for 3/8-24 Antennas

The Opek AM-751 stake hole mount works with common 3/8-24 studs making it perfect for mounting CB whips or hamstick-style amateur antennas. Will not scratch your pickup truck! Requires ground connection. [More Info](#)

HDTV

Ground Wire

Insulated 12 Gauge wire for grounding HDTV, CB and amateur radio antennas. P/N GROUNDWIRE12

[More Info](#)

High Performance VHF/UHF Antenna

The RCA ANT3038R has good gain on the VHF and UHF bands. It will outperform any flat mesh "bow-tie" style antenna on the VHF band making it perfect for channel 9 in Toronto or any other area where some channels might still be on the VHF band. [More Info](#)

Twelve Foot 1.4V HDMI Cable

The EMHD-1212 HDMI cable is Ethernet & 3D ready. Check out our low price on this item.

[More Info](#)

Tech Tip - HDMI Cables

HDMI cables are one of those add-on accessories that big box stores love to upsell you on. The truth is that inexpensive HDMI cables will do the job without a loss in picture quality. Consumer Reports has this to say about the new HDMI 2.0 specs that are now showing up on new TVs "no matter what a retailer may tell you, there's no such thing as an HDMI 2.0 or Ultra HD cable; any high-speed HDMI cable will do."

Miscellaneous

Portable Wireless Bluetooth Speaker

The Acoustic Research AWSBT7 weather-resistant wireless speaker allows you to stream music from your smartphone or Bluetooth-enabled device. 3.5mm jack for your iPod or other non-wireless device too.

[More Info](#)

5 Volt DC USB Wall Charger

CSA Approved! Produces 5V output at a maximum of 1A for charging and running USB devices. Model #681051

[More Info](#)

USB LED Light

This compact LED light is perfect for lighting a laptop keyboard. Just plug it in to any USB power source. Flexible metal gooseneck for precise positioning.

[More Info](#)

"AA" Battery Holders

Perfect for project builders. Holders come with wire leads so it does not require a battery snap. Two and three "AA" holders available.

[More Info](#)

Subscriber Specials
